Counseling Adults in Transition: Linking Schlossberg's Theory With Practice in a Diverse World The only textbook explicitly designed to address counseling with adults who are Nancy K. Schlossberg's Transition Theory Leslie Meyer ... Schlossberg's transition theory originated because she believed a need existed to develop a systematic framework that would facilitate an understanding of adults in transition and direct them to the help they needed to cope with the "ordinary and extraordinary process of living" Counseling Adults in Transition : Linking Practice with Theory In this updated edition of a highly successful text, the authors expand on their transition model, which offers effective adult counseling through an integration of empirical knowledge and theory with practice. The authors combine an understanding of adult development with practical strategies for counseling clients in personal and professional transition and provide a framework for individual, group, and work settings. The final chapter goes beyond intervention to discuss issues such as ...
